The EMT6032 - XVIII INTERNATIONAL SYMPOSIUM OF ANGIOLOGY AND VASCULAR SURGERY from 07/04/2017 to 08/04/2017 in PORTO, Portugal is: COMPLIANT

This decision is posted on www.ethicalmedtech.eu

7TH APRIL FRIDAY MORNING

Sessions

Aortic Dissection

Chairpersons: Rui Almeida, Paulo Pinho

Moderators: Adelino Leite Moreira, Duarte Medeiros,
João Silva e Castro, Álvaro Laranjeira Santos

09H00 Non-parallel grafts options in the arch

Carlos Vaquero

TEVAR treated Type B Aortic Dissection natural history

Frank Vermassen

Petticoat technique: rationale, technical options

Vincent Riambau

Medically treated Type B Aortic Dissection natural history

10H30 **Rosa Moreno**

10H30

COFFEE BREAK

11H00

11H00 Planning to treat an uncomplicated Type B Aortic Dissection.
Which factors are important?

Vincent Riambau

Chimney variations in the arch. How to make them work

Mario Lachat

Conference

Chairperson: Luis Mota Capitão

New changes, new solutions for open repair of thoracoabdominal
aortic pathology

Dinis da Gama

12H30 **Opening Session**

13H00

LUNCH

14H30

Live Cases

AAA Carlos Vaquero

SFA PAD – TASC D
Michael Piorkowski

Comment:
Joana Carvalho and
Augusto Rocha e Silva

Iliac PAD – TASC C
Nilo Mosquera

SFA in-stent restenosis
Ignacio Lojo

SFA lesion
Nilo Mosquera
(*supplemental case – tbc*)

Comment: Manolo Martinez
and Miguel Lobo

Type IV Aneurysm
Fernandez Noya

AAA
Fernandez Noya

Comment: Miguel Lobo
and Manolo Martinez

7TH APRIL FRIDAY AFTERNOON

Sessions

Aneurysms

Chairpersons: **J. Fernandes e Fernandes, Daniel Menezes**
Moderators: **Rui Machado, Rocha e Silva , Oscar Gonçalves, Frederico Bastos Gonçalves**

14H30 Failed EVAR/EVAS. Is postponing open conversion only delaying failure?
Eric Verhoeven

GREAT Registry: Latest clinical evidence in a real world registry
Eric Verhoeven

Inflammatory AAA. Open, endo, when?
Fernandez Noya

Renal and visceral debranching – still an option, really?
Mario Lachat

Bridging stent grafts selection in fEVAR. Critical issue
Nilo Mosquera

Renal visceral complications during and after taaa repair
Piotr Kasprzak

16H30 Low Profile Endoprosthesis: 5 years results
Nilo Mosquera

16H30

COFFEE BREAK

17H00

17H00 Nexus graft. A different concept for the arch
David Planer

Endoanchoring in tevar
Piotr Kasprzak

Conference

Chairperson: **Mário Macedo**
New challenges, new solutions; endovascular solutions for aortic disease
J. Fernandes e Fernandes

17H30

Carotid

Chairpersons: **Roncon de Albuquerque , Luis Mendes Pedro**
Moderators: **Pedro Brandão, Gonçalo Cabral, José Carlos Vidoedo, Pereira Albino**

17H30 Immediate post intracranial thrombolysis carotid stenosis management
Antonio Moreno

CEA and CABG: before, at the same time or never?
Marta Moura

Are the indications for carotid surgery with or without CABG the same?
Laura Capoccia

18H30

Urgent vs emergent management of symptomatic carotid artery stenosis
João Rocha Neves

Live Cases

Thoracic aneurysm and Juxtarenal
AAA
Eric Verhoeven

Comment: **Piotr Kasprzak**
and **Frank Vermassen**

Thoracic Pseudo-Aneurysm
Vincent Riambau

Comment: **Álvaro Laranjeira**
and **David Planer**

8TH APRIL SATURDAY MORNING

Sessions

PAOD

Chairpersons: **António Assunção, Maria Emília Ferreira**
Moderators: **Leonor Vasconcelos, João Pedro Almeida Pinto, Mário Vieira, Ricardo Vale Pereira**

09H00 Drug eluting vascular stent vs Plain old balloon angioplasty
Nilo Mosquera

Single vs multivessel revascularization
Marco Manzi

Deep venous arterialization
Michael Piorkowski

Interwoven nitinol stent vs bare metal stent vs drug eluting balloon
Michael Piorkowski

Drug eluting peripheral stent vs Plain old balloon angioplasty vs bare metal stent
Augusto Ministro

The importance of conformability in the treatment of complex obstructive lesions in CLI patients

10H30 **Fernandez Noya**

10H30 **COFFEE BREAK**

11H00

11H00 Deb with Paclitaxel, advantages. Sustainable?
Gaspar Mestres

Optimization of CO₂-angiography in patients with kidney impairment
Marco Manzi

Short Case Session

Chairperson: **Joaquim Barbosa**
Moderators: **Paulo Dias, Carlos Martins**

Conference

Chairperson: **Adelino Leite Moreira**
New Challenges, new solutions for quality and performance in surgery

13H00 **José Fragata**

13H00

14H30 **LUNCH**

Live Cases

Juxtarenal AAA
Nilo Mosquera

Comment: **Gaspar Mestres and Ana Sofia Ferreira**

Chronic deep venous disease
Marzia Lugli

Comment: **Ignacio Lojo and Paulo Dias**

AAA with conic hostile neck
Omar Andres

Comment: **Gil Marques and Ignacio Lojo**

8TH APRIL SATURDAY AFTERNOON

Sessions

Veins

Chairpersons: Albuquerque de Matos, Maria José Ferreira

Moderators: Paulo Correia, Amílcar Mesquita, Manuel Fonseca

14H30

When should we risk treating thrombosis extending into the IVC

Niels Baekgard

Outcome evaluation after deep vein interventions.

Marzia Lugli

Sizing venous stents

17H00

Marzia Lugli

17H00

COFFEE BREAK

17H30

17H30

Extended treatment of venous thromboembolism: new evidence

Paulo Dias

Large vein obstructions. Is there a specific way / tool to cross them?

Ignacio Lojo

How to measure thrombus age/symptom duration before CDT?

Niels Baekgard

r-VTE: from clinical trials to real world clinical practice. What outcomes should we assess?

18H30

Pereira Albino

18H30

Closing Session

Live Cases

BTK PAD
Marco Manzi

Comment: Gabriel Anacleto
and Luís Silvestre

Type Ia endoleak after EVAS
Ignacio Lojo

Comment: Rui Machado
and Luís Silvestre
